## MEDICINAL.

### A Child's Cry

From the mother's heart like a sword,  
From the little one she loves, is uttered  
The cry for help and finds no  
More responsive than the cry of pain.  
That was the case  
With Mrs. Duncan, whose little one was  
almost blind with  
scrofula. But  
fortunately she  
was led to use Dr.  
Pierce's Golden  
Medical Discovery  
and so cured the  
child without  
recourse to a  
painful operation.  
The great blood-  
purifying prop-  
erty of Dr. Pierce's  
Golden Medical  
Discovery have  
been proved over  
and over again in  
cases of scrofula,  
eczema, eruptions  
and other diseases which are caused by  
an impure condition of the blood. It  
gradually eradicates the poisons which  
cause disease, and builds up the body  
with sound, healthy flesh.

My little daughter became afflicted with  
scrofula which affected her eyes, writes Mrs.  
Duncan, of Mansfield, Sebastian Co.,  
Mo. "She could not bear the light for over a  
year. We tried to cure her eyes, but nothing  
helped. We had our home physician and  
others to take her to an oculist, as her  
eyes would have to be 'scraped.' They had  
said that she would never see again.  
As there was no one else to  
consult, we applied my heart sank within  
me. I went to your 'Golden Medical Dis-  
covery' and read your treatment on scrofula,  
and the properties of medicines there advised.  
I purchased a bottle of Dr. Pierce's Golden  
Medical Discovery and strictly cured my child.  
I am sure this will be of some use to you and  
others, to other sufferers, with heartfelt  
thanks remain."

Dr. Pierce's Pleasant Pellets are  
an excellent laxative for children.  
They are easy to take and thorough  
in action.

### SECOND AUDITOR'S REPORT.

The annual report of the late Josiah  
Ryland Jr., as Second Auditor of Vir-  
ginia, for the fiscal year ending Sep-  
tember 30, 1900, has been printed and  
placed in the hands of the Governor.  
The report shows that the public  
debt September 30, 1900, was distrib-  
uted as follows:  
Bonds 3 per cent. (acts of 1882 and  
1884), \$9,289,862.01.  
Amount cancelled, \$402,731.25.  
Amount cancelled previously, \$2,357,-  
576.60.  
Total amount outstanding, \$6,329,-  
554.16.  
Bonds, 2 per cent. (acts of 1892 and  
amendments), \$18,010,550.67.  
Amount cancelled, \$3,357.26.  
Total amount outstanding, \$18,007,-  
163.41.  
Total amount of bonds now held by  
the Sinking Fund, \$26,902,660, making  
in all \$27,000 bonds under act of Feb-  
ruary 20, 1892, at a cost of \$405,259.20,  
and \$149,000 under act of February 14,  
1882, at a cost of \$140,613.40, and a  
total of \$676,000, at a cost of \$645,872.60,  
which bonds have been converted into  
registered bonds in the name of the  
Commissioner of the Sinking Fund of  
Virginia, and filed in the Treasury.  
The debt—principal and interest—  
July 1, 1871, as reported by the Second  
Auditor, September 30, 1872, was \$45,-  
718,112.23, of which there was set aside  
as West Virginia's proportion, \$15,239,-  
370.74.  
WOMEN THRASH A WIFE-BEATER.—  
Wife-beating has become so common  
in Trenton, N. J., that some of the  
women decided to give the cowardly  
husbands a taste of their own medicine.  
Tuesday night John Orski went home  
from work and found his wife at the  
wash tub. He complained because  
supper was not ready and when his  
wife suggested that if he did more work  
and earned more money he would get  
more food, he took umbrage at her re-  
marks and gave her a beating.  
Mary Watson, Jane Smith and Eva  
Corish, neighbors of Mrs. Orski, heard  
her cries. They armed themselves with  
clubs and going into the Orski home  
thrust the irate husband until he  
begged for mercy. They then went to  
the police station and had him arrested.  
When Orski appeared at the station  
he looked as if he had been run through  
a threshing machine. He promised  
not to beat his wife again and to make  
the promise more binding the Judge  
put him under \$200 bonds.

### A NEW FAD.—A fad recently intro-

duced in this country by a well-known  
actress is that of having the face of one's  
finances photographed on the arm. The  
process followed was discovered by  
Dinkereco, a famous Russian chemist,  
and is quite simple. The exact spot on  
the arm where it is desired that the  
portrait of the loved one shall be in-  
finitely fixed is first coated with a  
chemical mixture that is sensitive to  
the light. A flexible film of the fea-  
tures of the betrothed is placed in the  
mixture, and the arm is then exposed  
for 10 minutes, when a perfect repro-  
duction is found on the cuticle. It is  
not indelible yet, however, but must be  
washed with three different chemicals  
to insure permanency. After the triple  
bath the image cannot be removed by  
any known process. In these days of  
much marrying and giving in marriage  
it is doubtful if many women could be  
found who would care to brand them-  
selves in this unique fashion.

### WOMAN FIGHTS A CYCLONE.—Miss

Lou Schooley, of Williamsport, Pa.,  
had a desperate fight for her life on the  
river bridge during Wednesday night's  
cyclone. The wind lifted her off her  
feet, and to save herself from being  
whisked over into the river, far below,  
she clutched the iron rail. The wind,  
however, tore her hold loose, and she  
was blown against one of the braces of  
the bridge, sustaining injuries to her  
head and face. Her cries brought  
Christian Kern, who fought his way  
across the bridge, to her rescue. She  
was exhausted when rescued and must  
surely have been blown into the river  
in another minute.

I used myself when troubled with  
bowel complaint, and had given to my

beneficial." For sale by all druggists.

and those to be had of other dealers is the  
exclusiveness of the designs we can fur-

ment store in the land, but to give you  
value received for your money in some

but DIFFERENT from the hosts of others  
seen elsewhere. We cannot go into spe-  
cifications of the articles we can show,
